

## What Our Patients Say About Us

"Access Physical Therapy has seen me through 2 knee replacement therapies. The guidance and encouragement has been tremendous. The atmosphere is positive and most important, my progress has been steady."

–Petra Berger

"**Amazing!** In addition to helping me regain strength and mobility in my shoulder, the people made each of my visits an enjoyable time."

–Michael Siuta

Access Physical Therapy & Wellness  
Now Provides Medicare Part B  
In Home Services:

Medicare B providers have a choice  
to treat patients in a clinic or at a  
patient's home environment.

## Home Health

If you feel that you could benefit from out-patient physical therapy or in-home services, please contact us today. The in-home program is ideal for patients just getting out of surgery that may not be able to get to a clinic right after surgery, or the falls-risk geriatric population.

## Patients that qualify for Access In Home Part B Services:

- Following hospitalization or operative care
- Patient's function levels can range from poor to excellent
- Patients who have balance problems, weakness, pain and chronic conditions
- Patient is not required to be home-bound

## What are the benefits of Access In Home Care Part B Services:

- This service creates individualized plans for all patients in the home, where they are most comfortable, and are customized to address mobility impairments and deficits
- Access Home Health Part B specializes in geriatric therapy while focusing their attention to protocols in order to maximize functional outcomes and prevent future hospitalization.
- Lowers health care costs

## Accepted Insurances

Medicare, Medicare replacement plans, and private insurances. Insurance verification to determine eligibility will be done upon scheduling initial visit.

Not sure if you qualify for Access In Home Services?
